Flight following: track points at 2-min intervals		✓
Multiple planes viewable in MapShare		✓
Group messaging		✓
Find-me "ping" to match tracking interval rate		✓
Direct SOS to GEOS or other response entity		✓

Select the Right Plan for You

The table below will help you choose the right subscription plan. It is calculated based on reasonable levels of communication and flight hours, with tracking at 2-minute intervals. Your actual use will vary depending on your operations, tracking interval, and size of Text Messages.

Plan	Bytes	Average Flight Hours per Month	Text Messages	inReach Messages	Monthly Price	Overage Cost
Aviation 2	3,000	6	3	5	\$17.95	\$4.50/kb
Aviation 3	8,000	16	10	10	\$26.75	\$2.80/kb
Aviation 4	12,000	24	15	15	\$34.25	\$1.60/kb
Aviation 5	17,000	34	20	20	\$40.25	\$2.25/kb
Aviation 6	30,000	65	25	25	\$62.95	\$1.70/kb

Each plan is based on a 12-month commitment. Data consumption is as follows:

- Track point: 13 bytes
- inReach Message: 13 bytes
- Text Message (sent and received): up to 160 bytes, depending on message length

Overages: refer to any data usage over and above a plan's allocation. Unused bytes do not rollover.

To Activate Your Subscription

Call 800-561-5105 and speak with a highly-trained DeLorme service specialist who will be happy to assist you. Help is available weekdays from 9:00 a.m. to 8 p.m. ET.

To expedite the process, please have the following information when you call:

- ✓ IMEI number for your inReach device(s), found in the battery compartment
- ✓ Email address you want to associate with the account
- ✓ Credit card number and billing address
- ✓ Contact information for two emergency contacts:
 - Name
 - Email address
 - Primary phone number
 - Alternate phone number
 - Relationship

Subscription Details

There is a one-time subscription activation fee of \$24.95.

In addition, a firmware upgrade is required before you can utilize the additional features of your inReach Aviation Subscription. Because so many advanced features are supported, this firmware upgrade involves a \$100 upgrade fee.

Plan Mobility: users can move up to a higher plan during their subscription period at no charge. Moving to a lower cost plan incurs a \$30 change fee.

Descriptions of inReach Features

Text Messages—any that are sent or received using paired iPhone®, iPad®, iPod touch®, or Android

inReach Messages—pre-loaded messages, sent using the inReach pushbutton interface

Tracking Points—allow flight following at the online MapShare page, showing plane's location at pilot-selected intervals

MapShare—online portal that displays plane's location on worldwide DeLorme topographic maps and aerial imagery

Find-Me "Ping" —enables anyone following a flight to see plane's location if inReach is powered on but Tracking is not activated
